ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was electronically received at the Board of Patent Appeals and Interferences on October 15, 2008. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

EXAMINER'S ANSWER, EVIDENCE RELIED UPON

The Examiner's Answer mailed June 11, 2008, is defective because the Gamble reference (6,596,776) is missing from the Evidence Relied Upon Section of the Examiner's Answer. The Gamble reference was used in the 103(a) rejection of claims 57 & 59-63. See MPEP 1207.02.

Before further review, the examiner must mail a Form PTOL-90, that will correct and amend the Evidence Relied Upon Section and identify all references used to reject the claims on appeal.

CONCLUSION

Accordingly, it is ORDERED that the application is being electronically returned to the Examiner:

- 1) to hold the Examiner's Answer mailed June 11, 2008, defective;
- 2) to issue and mail a Form PTOL-90, amending and/or correcting the Examiner's Answer (Evidence Relied Upon); and
- 3) for such further action as may be appropriate.

If there are any questions pertaining to this Order, please contact the Board of Patent Appeals and Interferences at 571-272-9797.
